Community Transport

www.leicestershirevillages.com/communitytransport

Do you know someone who finds it difficult or is unable to use public transport because they are elderly, mobility impaired/disabled or rurally isolated?

If so, community transport is available for your area. Community transport can be used for getting to doctor's appointments, visiting friends and relatives, shopping and social activities.

The new website (address above) provides general information about community transport across Leicestershire with further links to providers. It is very simple to use and will help people to find information for themselves, family members or friends no matter where they live.

The latest information for all your travelling needs may be obtained from Traveline, telephone 0871 200 22 33 (BT callers charged 10p per min plus 6p set-up fee per call. Mobile and other provider's charges vary) or from the website: **www.traveline.info**

Town bus maps and guides can be downloaded from:
